Closing Interview Statement C: Read: Thank you very much for your time. **End interview here.**

16. **Do not read the following question aloud.** Is there another IPA FO present at this interview, who will be conducting the child assessments? (1=Yes, 2=No)

If YES, continue. If NO, skip to Section 2.

While I continue to talk to you, my colleague **[FO name]** would like to begin interviewing the child. The interview will consist of a series of games for the child. Most children find these games fun to play. Some games will be a bit hard for the child, and some will be easy for the child. If you feel more comfortable, you are welcome to sit here with the child while we play these games. However, we kindly ask that you do not tell the child what to do, laugh or comment on the child's behavior. We want to learn how the child can play these games on their own, without any help or comment from you. Do you understand? **Answer any questions the caregiver may have about the games.**

17. For now we will continue our conversation here while my colleague introduces these games to the child just over there. Is that okay? (1=Yes, 2=No)

If the caregiver allows this, second FO may begin the child assessments with the child nearby. If the caregiver seems reluctant, probe gently to explain that this speeds up the interview process. If they would prefer to be sitting with the child during the assessments, complete the PC Module first, and then move on to the assessments.

SECTION 2. Caregiver Information

Read: Before I collect some information from you about the child(ren), I would like to ask you just a few questions about yourself.

0a. What is your relationship with the child? **Use G4 codes.**

0b. Next I would like to learn whether the child lives in your household. By your household, I mean the place where you usually sleep, not necessarily your ancestral lands or family home. Please consider the child to be part of your household if you “eat from the same pot” as the child and if the child spends 4 nights or more in an average week sleeping in your home.

Does the child “eat from the same pot” and spend 4 nights or more in an average week sleeping in your home?

If Group 1 or 2, please enter the following:

B. SUBSIDY LEVEL (Ksh 150, Ksh 100, Ksh 50)

If Group 1, please proceed to Version 1. If Group 2, proceed to Version 2. If Group 3, proceed to Version 3. If Group 4, end Primary Caregiver Module.

SECTION 7.1 Version 1

Say: We are happy to inform you that you have been randomly selected to receive a gift of **Ksh 150**. We will send you this gift through M-Pesa after the survey.

Read: We would now like to tell you about the work we do related to education. As you may know, reading can be very useful for your children’s growth and development. It is also a fun activity that you can do with your children. We do not work for a storybook company, but we are trying to make more children’s storybooks available to families with young children, by offering storybooks in your area at a discounted price. The market value of each of these storybooks is Ksh 195. However, we would like to offer you the opportunity to buy one today for a reduced price instead – whichever price is randomly selected by this tablet. If you do wish to buy a storybook, you could use the money that you just earned in order to purchase the storybook, and we will send you the remaining balance through M-Pesa.

Read: The tablet will now randomly select your reduced price for the storybook.

Congratulations! You have been offered a reduced storybook price of **[PRE-ASSIGNED SUBSIDY LEVEL]**.

Read: Now I would like to show you our storybook selection for your children. We have four available Kiswahili options and two available English options. You are welcome to take a minute to look through the storybooks and decide whether you want to purchase one, and if so, which one.

Give respondent 5 minutes to look through the storybooks. When they have finished looking (or when the 5 minute time limit is up) please continue to Question 1a.

1a. Would you like to purchase a storybook today for your children? (1=Yes, 2=No)

If YES, continue to 1b. Otherwise skip to Question 2.

1b. Which storybook would you like to purchase?
[1=Nyimbo zetu (Swa), 2=Nikicheka, anacheka (Swa), 3=Sungura Mjanja (Swa), 4=Mwanasayansi (Swa), 5= A New King (Eng), 6=Goat Matata (Eng)]

1c. Why did you choose to purchase this storybook? **Please do not read the answer options out loud, but select all that apply.**

- I like the pictures.
- I like the story/ topic.
- My children like the story/ topic.
- My children can relate to this story/ topic.

- I want my children to learn from this storybook.
- No reason.
- Other (specify) _____

Skip to INFORMATION SCRIPT B.

INFORMATION SCRIPT A

Please put storybooks away for the Information Script. Keep the respondent engaged during the information script by making eye contact and using a dynamic voice.

Now I would like to give you some information about reading with your children. Research has shown that reading to your young children, especially those who are not yet reading themselves, can help them love books and love learning. It also gives you and your children something special to do together. Try to read with your children every day - even 10 or 15 minutes is good. Pick a time when your children are not tired or hungry, and when you can give them your full attention. When reading together, you can sit side-by-side or with your children on your lap.

When you read the story, point to the words as you read. Stop and talk about the words, and point to where the words are in the picture. Even if you cannot read yourself, you can still use the pictures to create your own story. If some of your children know a word, let them sound it out. Listen to your children and encourage them to talk about the story. Make the experience interactive by asking them questions about the story. For example: "What do you see here in this picture?", "Where have you seen these things before?", "What is this person feeling?", "Why do they feel that way?", "What is this person doing?", "Who is your favorite character?". When your children respond, repeat what your children say and add more details. Connect what is happening in the story to previous experiences for your children.

It is normal for your children to want to read the story over and over again, so be patient. When you have fun, your children will have fun too!

Books are precious, so you should keep this storybook in the house and make sure your children treat it with care. If you like this storybook, you can get more storybooks just like this at your nearest bookstore. If you have a smart phone or tablet you can also download stories for free by visiting the African Storybook website. Here is a poster with a link to the African Storybook website and some information about reading, that you can hang on your wall as a reminder.

Give respondent poster.

To summarize:

- Remember to read with your children every day! Reading will help them to love learning.
- Even 10 to 15 minutes is good.
- Ask your children questions about the story, and point to where the words are in the picture.

NOTE: DO NOT ASK the respondent if they want to purchase a storybook, or an additional storybook after reading the information script. However, if they change their mind and decide to purchase a storybook or purchase an additional storybook, please answer **Question 3** below.

1b. **If “4”:** Can you guess at which question or set of questions offended the caregiver?

Temporary Stop Instructions: You have indicated that the caregiver wishes to continue the survey in the future. Please ask the caregiver when they are next available, and then call your team lead (or other senior team member) to confirm this day and time. If you are unable to confirm this day and time, make a tentative appointment with the caregiver. Then, let the caregiver know that you will contact them to confirm when you will return. Record this information and the current time on the tracking sheet now.

2. Time end survey module: (24 hr clock) :

(1 = Displayed no problems speaking or understanding Kiswahili

2 = Displayed a little difficulty speaking or understanding Kiswahili

3 = Displayed moderate difficulty speaking or understanding Kiswahili

4 = Displayed serious problems speaking or understanding Kiswahili)

4. Were any people present during all or part of this interview (other than the respondent, IPA staff, and the other children to be assessed)? (1 = Yes, 2 = No)

4a. **If YES:** What is their relationship to the caregiver?

Use G4 codes, list up to 4.

Other: _____

5. Are you very confident, somewhat confident or not very confident in the overall quality and truthfulness of this respondent’s responses? (1=Very confident, 2=Somewhat confident, 3=Not confident)

5a. **If SOMEWHAT or NOT CONFIDENT:** Why? _____

6. Were the child assessments started by another FO while the I-module or this PC module were in progress? (1=Yes, 2=No)

If yes, stop here. Say: Thank you for your time. **Otherwise, continue.**

Read: I would now like to begin interviewing the child. The interview will consist of a series of games for the child. Most children find these games fun to play. Some games will be a bit hard for the child, and some will be easy for the child. If you feel more comfortable, you are welcome to sit here with the child while we play these games. However, we kindly ask that you do not tell the child what to do, laugh or comment on the child's behavior. We want to learn how the child can play these games on their own, without any help or comment from you. Do you understand? **Answer any questions the caregiver may have about the games. Once the caregiver is comfortable, proceed to child assessments.**
